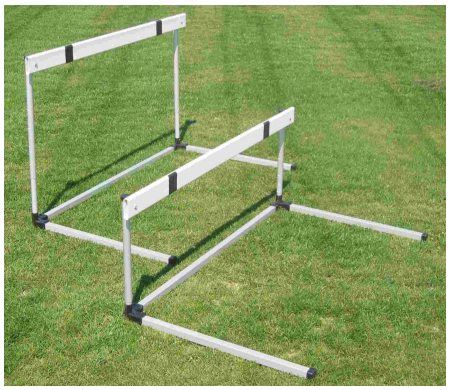
Running Equipment - Relay Batons, Hurdles, Cones, and Starting Blocks

Aluminium hurdle, ABS top bar, adjustable height 45-50-60-70-76,2cm or 76,2-84-91-100-106,7cm.



Hurdle width 120cm and adjustable height 45-50-60-70-76,2cm or 76,2-84-91-100-106,7cm.

Entirely aluminium structure with 25x25mm square tube base and Ø25mm round tube towers.

The joints are made of plastic and the top bar is made of white ABS with two black bands measuring 120x7x1,7cm.

Rounded edges for safety.

The height is adjusted by means of a indexing plunger located on a slider inside the tower; the screws that secure the bar are housed inside the aluminium tube so as not to create dangerous protrusions.

Visit our "Athletics - Track and Field, Run, Throws and Jumps" section for more information.
