Accessories for Beach Volley and Beach Tennis

Beach volleyball referee's platform, fixed and single-post, made from painted aluminium.

Art. 5545

Beach volleyball referee's platform, fixed and single-post, made from painted aluminium.

Structure made from 30x30mm square tubing and a support post made from a thick-walled profile in special 6005 aluminium alloy measuring 75x90mm, with a non-slip marine-grade plywood platform measuring 55x37cm, adjustable in height from the base between 85cm and 150cm, complete with a ladder to access the platform.

Socket to be buried in the sand for securing the support post without the need for a concrete plinth.

Lockable basket with a snap-action latch to ensure safe use.

Visit our 'Beach Volley - Beach Tennis' section for more information.
