Wall-mounted Basket and Minibasket System

Wall-mounted basketball system, fixed, freespace 60cm, 112x73cm backboard.

Art. 4263

Wall-mounted basketball/mini-basketball system, fixed.
One system consists of two complete structures.

Single structure consists of a galvanised steel support pole with a round section measuring Ø70mm in diameter and 3mm in thickness, fixed using anchors specific to the type of wall (not included); the pole supports an articulated frame that allows the position of the backboard and basket to be moved to the desired height for basketball or mini-basketball, using a worm screw.

The unit is completed with an American-style (oval) 112x73cm thermoset plastic backboard which is highly resistant and fully ribbed on the back to reinforce its solidity, including the basket ring and net (item 4056).
Bar for regulate the hoop height included.

Visit our "Basketball and Mini-basketball Systems" section for more information.
Visit our "Accessories for Basketball and Mini-basketball Systems " section for more information about backboards, basket rings, nets, protections and more.
