Equipment for Training and Playing Volleyball and Minivolleyball | Balls, Equipment for Training and Playing Basketball and Minibasketball and Other Accessories

Ball-Catcher for volleyball reception and setting practice, round shape with internal diameter of Ø45cm, base not included.

Art. 5072

The Ball-Catcher is a useful training tool for receiving or setting in volleyball.

The equipment consists of a vertical support made of galvanised steel tubing with a diameter of Ø45mm, which is telescopic and adjustable by means of manual handwheels, and a round-shaped upper ring made of painted steel with internal diameter of Ø45cm for attaching the net (included).

Height adjustable from 170 cm to 380 cm.

Tiltable upper ring.

Very useful for improving the accuracy of receivers (working on baghers) and setters as it acts as a target with a limited area.

Available: ballasted base (item 5050).

Available: version with square-shaped ring with internal dimensions of 70x70cm (item 5070).
