Boxing and Karate Bags

Fit punch bag with fillable base.

Punch bag mounted on the floor using a fillable base.

The base is sturdy and stable, and can be filled via the top opening with water (approximately 123 litres) or sand (approximately 200 kg).

The underside is fitted with non-slip rubber pads.

The head cover is available in various sizes and is height-adjustable to four different positions, ranging from a minimum height of 150 cm to a maximum of over 220 cm.
