Indoor and Outdoor Table Football

G-500 model indoor table football table without a coin mechanism, made of grey oak.

The G-500 is the most popular of all the table football tables available, the result of over thirty years on the market.

The frame's excellent sturdiness, superb stability and exceptional playability make it a product suitable not only for families, but also for schools, youth clubs, private clubs and associations, where it guarantees a long service life and outstanding performance.

It is crafted from grey oak, which lends it both sturdiness and elegance.

The version available on request with telescopic safety rods (which do not protrude from the unit) offers a high level of protection for children's faces and eyes.

Complies with the harmonised European safety standards EN 71-1, 2, 3 and 9.
