Indoor and Outdoor Table Football

G-5000 model indoor table football table without a coin mechanism, made of pink pear.

THE indoor table football table, the top-of-the-range model in our collection.

The G-5000's sleek design is complemented by the subtle elegance of its pink pear wood finish, further enhanced by the sophisticated combination of brown and ivory-coloured players.

Particular attention has been paid to every detail, from the angle of the legs to the comfort of the wooden-inlaid handles and the adjustable feet, ensuring the playing surface is always level.

Crafted from the highest quality materials, it is suitable for professional-level play but also serves as a stylish piece of furniture.

The version available on request with telescopic safety rods (which do not protrude from the unit) offers excellent protection for children's faces and eyes.

Complies with the harmonised European standards EN 71-1, 2, 3 and 9 on toy safety.
