

Basketball and Minibasketball Height Adjustment Devices

## Basketball and Minibasketball Height Adjustment Devices, for glass or plexiglass backboards.

**Art. 4277**

Device for adjusting the height from basketball to mini-basketball and vice versa.

Model for use with glass or plexiglass backboards.

Structure in tubular steel, hot-dip powder coated with epoxy paint, sliding parts and adjustment screw in galvanised steel. Control rod included.

**Applicable to all our systems during construction.** (Possible, but not recommended for outdoor use)

Visit our "[Basketball and Mini-basketball Systems](#)" section for more information.

Visit our "[Accessories for Basketball and Mini-basketball Systems](#)" section for more information about backboards, basket rings, nets, protections and more.
