

Other Volleyball and Minivolleyball Systems

## Wall-mounted volleyball system with manual sliders, galvanised steel.

Art. 5010

Wall-mounted volleyball system with manually adjustable sliding mechanisms for positioning the net.

The system consists of posts made of galvanised steel with a round section of Ø70mm and a length of 1,5m.

Wall mounting on plates using specific anchors (not included).

Manual telescopic sliding sliders in galvanised steel with handwheel closure for adjusting the height of the net (35cm adjustment range) and net tensioner with strap for adjusting the tension of the net.

Galvanised and equipped with snap hooks for attaching the net.

Available: wide selection of nets (visit the '[Nets and Accessories for Volleyball and Minivolley Systems](#)' section).

Available: pair of system protection pads (item [5417](#)).

Visit our '[Volleyball and Minivolleyball Systems](#)' section for more information.

Visit our '[Accessories for Volleyball and Minivolleyball Systems](#)' section for more information about nets, protective covers and more.
