Equipment for Training and Playing Volleyball and Minivolleyball | Balls, Equipment for Training and Playing Basketball and Minibasketball and Other Accessories

Jump Tester, elevation meter, base excluded.

Art. 5051

The Jump Tester is a useful tool for measuring elevation: the coloured flaps allow you to immediately identify the height reached in a vertical jump.

Jump Tester made of Ø45mm diameter galvanised steel tube, telescopic and adjustable by means of manual handwheels.

Jump measurement between 200cm and 380cm.

Supplied without support base.

Available: ballasted base (item 5050).

Visit our 'Balls, Equipment for Training and Playing Volleyball and Minivolleyball and Other Accessories' section for more information.
