Equipment for Training and Playing Volleyball and Minivolleyball

Net-Tool - System of elastic bands to be attached to the net for volleyball training.

Art. 5057

Elastic cord system to be attached to the net for training volleyball fundamentals.

Consisting of two lightweight aluminium structures to be attached to the volleyball net posts, which support two elastic cords that raise the net and act as a dummy barrier to facilitate training in serving, blocking and attacking in volleyball.

Visit our ‘Balls, Equipment for Training and Playing Volleyball and Minivolleyball and Other Accessories’ section for more information.
