Other Volleyball and Minivolleyball Systems

Monotubular volleyball system, transportable on ballasted base with wheels and round pole with a diameter of Ø50mm, model "Hobby".

Art. 5304

Monotubular volleyball system on base with wheels.

Item consisting of a pair of weighted bases and poles equipped with sliders to position the net at a height between 190 and 250 cm, allowing for volleyball, mini-volleyball and super mini-volleyball to be played.

The base (item 5052) is made of painted steel in a round safety tube, already weighted, equipped with a provision for safety fixing to the ground and Ø100mm wheels for easy transport; dimensions 80x71cm.

Galvanised steel tube with a diameter of Ø50x1.5mm and a length of 2m, to be tightened to the base using handwheels.

Practical and quick net tensioning system using a strap with buckle.

All components are supplied disassembled to facilitate transport.

Available: protection pad for column minibasketball system (item 4009).

Available: wide selection of nets (visit the 'Nets and Accessories for Volleyball and Minivolley Systems' section).

Visit our 'Volleyball and Minivolleyball Systems' section for more information.

Visit our 'Accessories for Volleyball and Minivolleyball Systems' section for more information about nets, protective covers and more.
