

Regulation Football Goals 7,32x2,44m

Freestanding Football Goals, 7,32x2,44m, pair, in aluminum, in accordance with UNI EN 748, with net tensioning system with vertical rear poles and wheeled transport system.

Art. 5902

Freestanding goal made with oval section aluminium profile 100x120mm with internal ribs.

The corners are welded and the internal junctions are made of thick-walled special 6005 aluminium alloy, making the goal even more stable and sturdy. The crossbar is made of two pieces.

The back side leaning to the ground is made of the same material and has the same cross-section as the posts and crossbar in accordance with **UNI EN 748** standard.

Net tensioning system with rear vertical poles applied to the goal (item [6012](#)) included: made of painted aluminium tubing with a diameter of Ø80mm, colour anthracite, attached to a plate fixed to the corners of the lower rear crossbar; each post is equipped with a ratchet for tensioning the net..

Wheel kit (item [6017](#)) included: goal movement system comprising 4 manually operated wheel devices.

Fasteners for net fixing are made in plastic material.
