Equipment for Field Maintenance and Barrier Network

Set of 4 hinged flex corner poles with sockets, flags, clips.

Art. 6403

Set of 4 hinged flex corner poles.

The poles are made of safety material and have a diameter of Ø30mm and a height of 160cm.

Complete with ground fixing sockets with caps, flags and flag clips.

The fluorescent yellow flag measures 60x40cm.

The joint at the base of the pole is made with a calibrated pre-compressed steel spring that restores the vertical position if it is knocked down.

Flag for corner pole available, item 6406.

Visit our 'Balls, Training Equipments and Other Accesories for Football and Futsal' section for more information.
