Balls and Equipment for Training and Playing Football and Futsal | Tennis Systems and Nets

Freestanding mini tennis - football tennis system, net included.

Art. 6404

Freestanding mini tennis - football tennis system, complete with net.

Painted tubular steel frame, diameter Ø20mm, with polypropylene caps at the ends.

The system is assembled using 12 tapered connectors that are easy to insert thanks to an elastic cord inside the tubes.

The uprights are slightly inclined outwards so that the net, once inserted, is perfectly in tension.

When used without the net and with the aid of a nylon or TNT sheet, it can be used as a delimitation barrier.

Convenient storage bag/bag included.

System suitable for football training to perfect aerial ball control.

Dimensions

Width: 300cm

Net height: 91,5cm

Base width: approx. 100cm

Weight: 8.5 kg (including net)

Visit our 'Balls, Training Equipments and Other Accesories for Football and Futsal' section for more information.
