Equipment for Field Maintenance and Barrier Network

Line marking machine with indicator wheel, chalk or dry powder, line width 9 cm.

Art. 6422

Chalk or dry powder line marking machine with indicator wheel.

The frame is made of tropicalised steel, the two side wheels are inflatable tyres with a diameter of Ø26cm and there is a wheel with a diameter of Ø100mm at the front to aid alignment.

Chalk or powder is distributed using an internal brush (available as a spare part, item 6478).

Visit our 'Balls, Training Equipments and Other Accesories for Football and Futsal' section for more information.

Caratteristiche:

LINE WIDTH: 9cm
TANK CAPACITY: 30kg
MATERIAL: Chalk or powder
