

Balls and Equipment for Training and Playing Football and Futsal

"Reflex" model filter barrier. (Trolley not included)

Art. 6480

"Reflex" model filter barrier: wall simulator for set-piece training drills and tool for training goalkeeper reflexes.

The ball filters through the vertical strips fixed by elastic hooks, surprising the goalkeeper who does not see the ball being kicked.

Available: Special trolley for transport (item [6423](#)).

Visit our '[Balls, Training Equipments and Other Accesories for Football and Futsal](#)' section for more information.
