

Balls and Equipment for Training and Playing Football and Futsal

3-sided wall rebounder simulator measuring 150x50cm, made of wood.

Art. 6485

Triangular rebounder wall simulator made of marine plywood with slots for transport.

Side dimensions: length 150cm, height 50cm.

When used in a vertical position, it can be used to determine the upward trajectory of the ball in order to improve the fundamentals of the game.
