

Freestanding Handball Goals, 3x2m, pair, in 80x80mm square section aluminium profile, UNI EN 749 certified.

Art. 7001

Freestanding goal made with 80x80mm square section aluminium profile with internal ribs.

The corners are welded and the internal junctions are made of thick-walled special 6005 aluminium alloy, making the goal even more stable and sturdy. The crossbar is made of a single piece.

Upper and bottom net supports (elbow shape) are made in hot galvanized steel, fasteners for net fixing are made in plastic material.

The goal is white and blue.

Our goal complies with the functional and safety requirements of the UNI EN 749 Standard and corresponds to the type 2 "football goal not fixed".
