

Tabletop Portable Scoreboard, Substitution Boards and Other Indicators

FIGHT TIMER electronic timer, programmable for action-pause sequences in sports activities such as boxing, spinning, aerobics, kickboxing, etc. Visibility up to 30 metres.

Art. 8451

FIGHT TIMER is ideal for sporting activities and gymnasiums (competitions, training, fitness sessions) where the sequences of action-pause are of a fixed duration as in: boxing, spinning, aerobics, kickboxing, taekwondo..

WALL version

Dimensions: 56x18.5x4cm

Weight: 1,6kg

Visibility: 30m (9cm high digits)

Power supply: 115/230Vac, 50/60Hz, 6VA. Select the type of plug for the power supply cord and the supply voltage when ordering.

Wall installation fixed with two screws or wall ancors

5 Timers are available, each one is easily activated by the corresponding key, which can be associated to multiple sporting activities without having to reset the times for every occasion.

Various modalities of functioning can be obtained by programming the 4 parameters of every Timer: time of action, of pause, of final pause [0-90 minutes] and number of sequences [0-99].

Modality of **time count, forwards or backwards.**

Booking of the automatic start of a Timer at the end of the one currently active, with a considerable increase in the combinations of time counts: for example, a different number of cycles with different durations of Action+Pause can follow a certain number of cycles of Action+Pause.

The choice of **2 sounds** and **3 levels of intensity** for signalling every start/end action.

Simultaneous functioning of two Timers: the first one has a sound signal and visualizes the times, the second one only has a different sound signal at the beginning-end of every action; this allows to register 2 sporting activities at the same time, such as a boxing meeting and a training sequence.

Robust insulated plastic container, without the need of using a ground connection. Provided with a cable and plug.

High quality flat membrane keyboard, with 5 million contacts guaranteed for every key.

Infrared remote control (that allows to control, without cables, all of the functions for a distance of up to 15m) with 9V battery power supply and a practical carrying case are optional.

Visit our "[Scoreboards](#)" section for more information on other available models.
